Professional Experience

2009-2012

AWeber Communications, Inc.
Web Developer

- Created a simple, data-rich interface for users to act on statistics about their email campaigns.
- Redesigned the web interface for browsing past newsletters, used by millions of subscribers.
- Developed a tool for businesses to easily subscribe PayPal customers to email lists.
- Led the upgrade of an aging support-ticket system to cloud-based solution Zendesk.
- Created a system to automate frequent customer support phone calls.

2006-2009

OPG Global, Inc.
Manager, Sites, Systems and Technologies (2007-2009)
Web Developer (2006-2007)

- Managed and supervised a small team of web designers and developers.
- Created a unified content management system to streamline updates to multiple websites.
- Created an automated calendar to schedule email newsletters and marketing distributions.
- Spearheaded the implementation of version control and .NET over classic ASP.
- Collaborated on design of web products and reports for HR professionals.
